INTRODUCTION

Cutty's Des Moines Camping Club, Inc. has adopted the following Rules and Regulations pertaining to Cutty's Des Moines Camping Club, referred to hereafter as "the club".

The principal reason for these rules is to enable all Cutty's owners/members (referred to hereafter as "members") and their guests to obtain maximum enjoyment when visiting the Club. Accordingly, the rules and regulations are subject to change by the Board of Directors. It is the responsibility of the member to keep themselves up to date with these rules. The rule book is available in the office, gatehouse and is available for reading and downloading in the "Members Only" section of the www.cuttys.com website.

We request that all persons visiting the club learn and comply with the rules and regulations. The club manager or his/her designated staff representative shall, at all times, have the authority to see that each of the rules is enforced.

USE OF CUTTY'S DES MOINES CAMPING CLUB

Cutty's Des Moines Camping Club, Inc. is for the exclusive use of members and associate members, their guests, and members of Camp Coast to Coast affiliates.

USE OF OTHER CLUBS IN THE CUTTY'S DES MOINES CAMPING CLUB SYSTEM

Cutty's of Okoboji is available on a limited basis. Des Moines members are allowed up to two seven-day visits per calendar year with a 30-day interruption between visits. Cottages and motel rooms are also available at Cutty's of Okoboji at their going rates.

Your membership card will serve not only as your admission to this club but also for the free use of mini-golf, swimming, paddle

boats and other services that are normally provided at extra charges.

RECREATION PROGRAM

The Activities Committee has planned activities and entertainment for your enjoyment throughout the season. When you arrive at the club, you will be informed of the events for the day or the weekend. Activity schedules are handed out at check-in at the gatehouse, the store, or at www.cuttys.com. They are also available at the member gate and in the Campers App.

Activities vary with seasons and include dances, movies, hayrack rides, games, and arts and crafts. These activities offer a great opportunity for the family to play together and for the children to participate in wholesome recreation while the parents relax. The recreation program also provides many with the opportunity to meet and enjoy new friends. This part of the program is so worthwhile that many members come to participate even though they may not be staying overnight.

CUTTY'S MEMBERSHIP CLASSIFICATION

There are two types of Cutty's Des Moines Camping Club Inc. memberships: Members and Associate Members.

Member: Each membership contains one (1) vote in the non-profit corporation, Cutty's Des Moines Camping Club, Inc. which operates the club. Only one person, therefore, is designated as a voting member. It can be either husband or wife. (See Article V of the Club By-Laws entitled "Membership". It is on page 2 of the Members Handbook.)

Associate Members: Associate members include the member's spouse and/or family members living in the member's household. Children under the age of 18 may not camp overnight at the club without the member or an associate member over the age of 18 present unless they have parental consent registered in the office.

The parent must contact the office with all information prior to the associate member's arrival.

MEMBERSHIP CARDS

Membership cards and/or associate membership cards will be issued to members (husband and wife) and all members of your family who are living in your place of residence. It also includes single dependents that are away at school. Cards should be carried on the person for identification purposes when at the club.

Duplicate cards may be purchased at the office in the event they are lost. You could incur a violation if membership cards or gate keys are found in the possession of someone else. The club must be notified immediately of any lost or stolen cards or keys.

One gate card key to the member only entrance gate is provided with each membership. An additional gate key may be purchased in the office or the gatehouse. If a key is lost, a new key must be purchased.

TRANSFER PROCEDURE

The Bylaws do allow you to transfer your deed to anyone you choose for any price you choose. There are two ways you may transfer your deeded membership. First, if you have a family member or friend or anyone else who would like your deed, we can help you with the paperwork and collect the transfer fee from the new member. There is a transfer fee that is due to Cutty's at the time of transfer.

The second way is that the Board of Directors has established a marketing department to assist you in transferring your deed. The marketing department advertises for Cutty's in the newspaper, TV, radio, RV shows, RV dealers and the internet. The marketing department gives informational tours of the facility and if a

prospect wants to join, your deed can be transferred to them. This service does not cost the member anything, but we do not sell the deeds for a profit. You will not make any money from the sale and the marketing department will collect the transfer fee from the new member. All dues must be up to date prior to the transfer occurring. If you would like marketing to do your transfer for you, you must contact the office for instructions.

REGISTRATION AND LENGTH OF STAY

All members and guests shall register at the gatehouse upon arrival and give notice there when leaving. Campsites are available on a first-come, first-served basis.

During registration, the gatehouse attendant on duty will indicate the open campsites and you may choose your spot from those not occupied. A member may only occupy one site at a time, but rentals do not apply.

If, after you are registered onto your campsite, you desire to move to another site, you must check with the gatehouse first. If you decide to shorten your stay, you must stop by the gatehouse. No refunds will be issued after you leave the park.

Only one recreational unit may be utilized on a campsite at any time. Two additional tents may also occupy the site. Two tents are permitted on each campsite when a recreational unit is not present for the use of members, associate members, and their guests.

RV's should be parked, and tents pitched only in those areas designated for such use. Please park your RV, tent, or auto so that it will not interfere with others. Some campsites are restricted to certain types and sizes of camping equipment. Tents must be moved every three days to prevent grass kill. Overflow parking is provided for vehicles that will not fit on your site. Vehicles must

be moved every three days as to not kill the grass. Any units such as, but not limited to, enclosed or flatbed trailers, accessory trailers, jet skis, boats or other recreation equipment may use overflow parking up to three consecutive days only. These units are then required to move to short term storage for the applicable rate. These units are not allowed on open camping or seasonal camping sites at any time from April 1st to October 31st. No commercial vehicles larger than a standard van are allowed to park in the campground. The clubhouse parking lot is for clubhouse use only. Any other vehicles should use overflow parking. No overnight parking is allowed in the clubhouse lot. There is overflow parking in the grass east of the clubhouse parking lot.

You may stay in the campground as many days as you want but members and/or recreational units occupying a site for 14 days must move from that site. The member and/or recreational unit cannot reoccupy that site for 21 days. If you are in a prime site, you must move to a non-prime site. Prime sites are sections B, H, the front two rows of EF and sites A7, A8, A9, A10, A15 and A16. You may only occupy a prime site one holiday weekend per year. You also must move from your current section to a different section. You must be out of the park for five consecutive days to return to the same section or 14 days in a different section. Example: If residing in EF (whether in a prime location or not), you must move out of EF and into another section of the campground. This will give all members a chance to camp in all sections of the campground. The prime to prime site rule still applies to all prime sections of the campground. A member must be out of the campground for five days before returning to a prime site. Check out time for moving is 3:00 PM and if a unit is not moved by 3:00 PM, it is a violation of club rules and the member registered on that site will be cited and a late fee applies.

Recreational units or tents must be attended for a minimum of six hours out of every 24-hour period. Unoccupied recreational units left on a campsite will be charged for that night. On the second

night of no occupancy, the equipment will be moved to storage and all storage fees will apply.

In open camping, no more than two licensed vehicles are allowed per campsite, space permitting. Vehicles may not block driveways, roads, sites, or park on the grass. Excess vehicles should be placed in short-term overflow parking for no more than three days.

The prime to prime rule and the section to section move rules do not apply until seven days preceding Memorial Day and seven days after Labor Day.

In no event will permanent occupancy be permitted, and no occupant shall establish a permanent mailing address within the club.

Unsanitary recreational units and equipment will not be permitted. The club reserves the right to determine the suitability of the camping equipment utilized on the premises and to request removal of shabby or neglected units or tents. Converted school buses, tiny homes, or homemade units are subject to Board's approval.

OFF-SEASON CAMPING

Off season camping from November to March is limited to short-term stays of 14 days or less total per month. The member must then leave the park for a minimum of seven days to be eligible for a new short-term stay. Short-term daily rates apply. The Board of Directors has instituted a moratorium on long-term stays. Only the members who have signed 2015 off season contracts are eligible for off season camping for future seasons. Approved members will lose their eligibility once the member departs the park without signing a future off-season contract.

SEASONAL SITES

Seasonal sites are available upon termination of a present member's lease. A waiting list applies. All fees and rules are stipulated in the seasonal site contract available in the office. These leases run from April 1st to March 31st. Seasonal camping rates apply from April to October. For long-term off-season camping see off season camping rules in section above. Long term camping restrictions are in place from November to March. When a seasonal lease is terminated, the site is then made available to any present seasonal member who has signed up on the seasonal site move list. A present seasonal site holder may put their name on up to five alternate sites. The site is then made available to the next member on the seasonal site waiting list. Sites cannot be transferred or subleased. Only grandfathered park model units may stay on a site after transfer of ownership. All units must be moved off the site with the termination of the lease.

CUTTYS DES MOINES CAMPING CLUB CAMPSITES

Presently there is no reservation system in place for campsites. Space is allotted on a first come, first served basis.

CAMP COAST TO COAST CLUBS

While reservations are not always required, it is always a good idea to reserve ahead of time. There is a reservation fee per day for a campsite through Camp Coast to Coast. Coast to Coast members are not allowed on holidays. Guests of the club, who are registered as Coast to Coast members during their stay, may leave their towable on site no more than seven days.

GUEST PRIVILEGES

Cutty's guest policy is: A member must be present for the guest to come in. Members must notify the gatehouse the day of any

expected guest(s). If an unexpected guest arrives, the gatehouse will attempt to contact the member for permission to allow a guest. If the member is not registered or are a seasonal member not confirmed in the park, the guest will be notified to call the member and have the member call the gatehouse to confirm they are in the park. All guests must register at the gatehouse and display a visitor tag from their vehicle rear-view mirror. Members are responsible for their guests and should acquaint them with club regulations and rules of conduct. There are three categories or definitions of a “guest”: (1) Those that come for the day, (2) Those that come and stay in a member’s unit (or tent on a member’s site) and (3) Those bringing their own recreational unit or tent. A clarification follows:

Guests who come for the day: There will be no charge for these guests. Day guests are to leave the premises by 11:00 PM. There is no annual limit to number of times day guests may come. Each member is allowed up to 25 guests in any one day. Groups over 25 must have prior approval from the club manager.

Guests who come and stay in a member’s recreational unit or in a tent on a member’s site: There is no charge for guests to stay with the member in the member’s recreational unit.

Guests who bring their own recreational unit (and/or tent) and utilize a campsite: These guests will be required to pay the current guest rates plus tax and surcharge each day for a camping space. Guests are not allowed to occupy a full hookup campsite during holiday weekends. Members may bring guest families, but each guest family is limited to one visit per year per member. This visit may not exceed seven days.

GROUP USE OF FACILITIES

A member may not host a group of over 25 guests in the park without the club manager’s approval. The use of Cutty’s facilities for groups cannot interfere with the daily operations of the club.

There are reservation restrictions and fees that apply to groups. See clubhouse and Main Street rules.

PARK ENFORCEMENT

A gatehouse attendant's duty is to check members and guests in at the gatehouse, assist with answering questions. Park rangers patrol the park. Together, the park rangers and club manager will share duties to ensure compliance with our rules and regulations. Rules and regulations are in place to ensure all Cutty's members and their guests can enjoy the park while visiting the club.

When a gatehouse attendant is not at the gatehouse, an automatic card gate is operative; restricting entrance to authorized members and approved guests.

GOLF CARTS

All golf carts must be registered with the office or gatehouse. A license plate must be purchased and mounted on the rear of the vehicle. A yearly sticker must be purchased and placed on the license plate. All golf carts must be insured. Proof of insurance must be turned in when a permit is purchased. If a permit is not purchased, penalties will apply. All golf cart drivers must have a valid driver's license or a learner's permit. Golf carts must obey all speed limits. No driving golf carts recklessly. All golf carts must have working lights mounted on front and back of the vehicle and turned on at night, good brakes, and a quiet muffler. Golf carts may only be driven on roadways. Driving on the grass is not permitted. Please avoid parking on the grass if possible. "No Parking" areas apply to golf carts as well as other vehicles. Handicap stickers or cards must be displayed on the golf cart to park in a handicap zone. Quiet time is 11:00 PM to 8:00 AM. Loud music, horns or other loud noises from golf carts will not be tolerated during quiet time. Golf carts are not allowed to be driven

between the hours of 1:00 AM to 5:00 AM unless on official Cutty's business. You, as a member, are responsible for any damages or injuries caused by your golf cart. All golf cart owners are responsible for their guests and must make sure that the guests know and follow all the rules.

MAINTENANCE

The maintenance staff provides and ensures a safe, clean club for your enjoyment. Continuous care of the swimming pools, the restrooms, and the grounds are some of the many ways that Cutty's delivers its commitment to quality.

RECREATIONAL UNIT STORAGE

Members may store one recreational unit in the secured area for a fee on a first-come first-served basis, based on availability. Members may also store one golf cart. All recreational units must be in good working condition and utilized for camping a minimum of twice per season to continue use of the storage area. No other units of any kind may be placed into storage including, but not limited to, recreational units used to store personal items, vehicles such as cars, trucks, motorcycles, enclosed trailers, semi-trailers or any item that does not meet Cutty's definition of a recreational unit. Management reserves the right to refuse any unit that would cause a hazard, is not utilized for camping, or is considered unsightly or unacceptable. Management assumes no responsibility for the items stored, but every effort is made to provide adequate security in the storage area. Management reserves the right to move units to create maximum space. If a recreational unit is left in the storage area without office knowledge, it will be towed away. Proof of insurance must be made available upon request. Short term electric hookup storage is available in the EE section (short term is defined as 14 days or less). To place a unit in this area, contact the gatehouse for fees and restrictions. At no time will the club be responsible for the expense of clearing snow in and around storage area to move any recreational unit.

RV PLACEMENT SERVICE

The club will tow your recreational unit from a campsite to the storage area and vice versa for a fee each way. A site to site move is the same price as a one way move. The unit must have all slides in, and sewer and water lines disconnected. Only an electric cord may be hooked up. At a site, Cutty's staff will level the unit and chock wheels. Any other service will be billed at current rates. Arrangements should be made in advance and the member or associate member must be at present at the RV before the RV is towed to a site. The club cannot be responsible for any damage inside of the RV caused by towing.

DES MOINES CLUB FACILITIES

Development History: Cutty's built its Des Moines Club during the years 1968 to 1970. From the beginning it was very popular with the camping public and served as the prototype for Cutty's Clubs in Ohio, Indiana, Nebraska, and Colorado. Since 1980, when Cutty's started its Des Moines membership program, many improvements have been added to the club. Members now enjoy disc golf, year-round swimming, and a host of recreational facilities.

Campsites: Four categories of campsites are available at the club. Those with: (1) No hookups at the site but with a water spigot nearby; (2) An electrical hookup; (3) Connections to electricity and water, and (4) Full hookups (water, sewer and electric).

The Board of Directors of Cutty's feel that the number of present campsites will be adequate to serve the camping needs of the allocated membership. It is a reasonable assumption, however, that it will be necessary to set down certain rules limiting the use of campsites in some categories so that each member may receive proportional use of the facilities. These rules will be posted as their use becomes necessary and all members will be so advised.

RECREATIONAL FACILITIES

The recreational facilities operated by the club will be kept open in accordance with a schedule determined by the Board of Directors.

SERVICE ANIMALS POLICY

Cutty's welcomes visitors with service animals. Service animals are "dogs that are individually trained to do work or perform tasks for people with disabilities," according to the Revised Americans with Disabilities Act Service Animal Requirements. Our pet policy applies to service animals with the following exemptions:

1. All service animals must have the proper documentation of their services.
2. Service animals in a working capacity are allowed in all areas of the park and overnight accommodations when accompanied by a visitor with a disability.
3. Service animals should be harnessed, leashed, or tethered unless such devices interfere with the service animal's work, or if the visitor's disability prevents the use of these devices. In that case, the visitor must maintain control of the animal through voice, signal, or other effective controls.
4. Guests will be asked to vacate their unit if their dogs disturb other guests without a refund.
5. Extra fees will be assessed when extra cleaning is required or if there is damage to the unit or fixtures. Park management will assess damage fees based on materials and labor required to make necessary repairs.
6. Kennels are NOT provided. Do not leave pets unattended in vehicles.

VIOLATION PROCEDURE

A violation of any of the rules and regulations of the club shall result in the imposition of the following procedures:

1. Caution:

Simply a cautionary hand (or otherwise) action from a park ranger or club management. This alerts the member that the activity being pursued by the member may lead to a violation of club rules.

2. First Offense:

First offenders will be given a verbal warning. This is a statement to the violating member that their action or actions are in violation of club rules. A notice will be put in the member's file stating that a verbal warning was issued.

3. Second Offense:

Second offense will be a written warning. This notice will be placed in the member's file.

4. Third Offense:

The third offense will result in the suspension of all membership privileges for a period of seven days. The member will be required to leave the park while serving the suspension. Suspension of all privileges means no one in the family is allowed to use the club facilities while the primary member is serving a suspension. This notice will be placed in the member's file.

5. Fourth Offense:

Fourth offense will result in the suspension of all membership privileges for a period of two weeks (14 days). This notice will be placed in the members file.

6. Each succeeding offense:

Each succeeding offense will result in the suspension of all membership privileges for a three-week (21 days) period. Notice of each violation will be put in the member's file.

7. During the period of suspension, you are still a member and owner and are required to pay dues and any assessments accrued during the suspension.

8. Rules and the resulting consequences are not for punishment, but rather to ensure that the rest of the members can enjoy the park free of concerns, worry, and frustration resulting from improper actions of another member or members. Each member is responsible for their associate members, family, and guests.

9. Violations will accumulate for the lifespan of your membership.
10. Violations may be appealed by a letter to the Board of Directors.
